

Are you looking for individual cable assemblies for the medical sector?

sterilisable and disinfectable | certified and biocompatible according to ISO10993

Dear customer & friend of ES&S!

Health! - The highest private but also public good. An optimal medical care is currently in the focus of attention and becomes ever more important!

We want to make our contribution, are aware of our responsibility and pay the highest attention to the reliability of our products for the medical technology sector.

ES&S is an expert! For three decades we have been supplying our customers in the medical and biotechnical industry as well as in biopharma and pharmaceutical sector with customer-specific cable solutions. With know-how & experience we develop special cables, high-quality cable systems for medical technology! We offer you customised cable assemblies, manufactured with the highest possible demands on quality, specially adapted and aligned to special requirements.

Our cable assemblies have the following characteristics: low-noise properties | precise, electrical characteristics | EMC-optimised | sterilisable and disinfectable | robust | highly flexible | tested | certified and biocompatible according to ISO10993

We manufacture cable solutions for these devices and areas:

- respirators, heart-lung support systems, neonatology
- MRI, CT and ultrasound devices
- cables for medical monitors/panels, monitoring
- intraoperative neuromonitoring, robot-assisted operations, endoscopy
- infusion devices
- defibrillators
- medical suction equipment
- autoclaves, thermal disinfection
- dental technology, e.g. in dental equipment
- medical measuring instruments, microscopy
- devices worn on the body: ECG, EEG, SpO2 measuring devices
- ophthalmology, hearing aids, sensors, electrodes, probes
- CCD cameras
- biopharmaceuticals
- exoskeletons and much more ...

You need medical cables as raw material?

No problem, we would be happy to advise you on this topic. Get more information [here](#) and simply contact us! Visit us on our [website](#) and have a look at our product variety for the medical field!
